ADMISSIONS PROCEDURE

Shelton State Community College operates under an open door admission policy. Any high school graduate or any recipient of a GED certificate is eligible to attend Shelton State Community College. An applicant who has never attended college must fill out an application form and mail it with a high school transcript or a GED certificate to the Shelton State Admissions Office. Once the application has been filed a student is provisionally admitted and needs only to register for classes. For both new students and transfer students, transcripts must be received by midterm or course work will be converted to non credit. A student is not officially registered until his tuition and fees are paid.

Katherine Alexander Named Shelton's Woman of Achievement for 1991

Katherine Alexander

Shelton State faculty member, Katherine Alexander, has been named the college's Woman of Achievement for 1991. Mrs. Alexander directs the college's Life Writing Center and has been involved in the establishment of the local history and heritage program for the college.

She currently chairs the Faculty Senate and Community Relations Committee for the college and is also a member of Shelton's Publication Committee.

Professionally, she is a member of the Association of Alabama Historians, the Oral History Association, National Council of Teachers of Education, Association of Alabama Historians, Alabama Preservation Alliance, Alabama Historical Association, and the National Trust for Preservation.

This year she chaired the Commission on the Status of Women for the City of Tuscaloosa, an advisory committee for the City Council. She is the co-chair for the West Alabama Oral History Project and directs the "Books and Book Reviews" for the Friends of the Library. Mrs. Alexander currently chairs R.A.H. (Revealing a Heritage), a committee of the Tuscaloosa County Preservation Society that works to preserve black heritage.

She is also the coordinator for the 7th Congressional District for Alabama Public Television and a member of the Board of Directors and past president of the League of Women Voters for Greater Tuscaloosa. She is also a member of the First United Methodist Church of Tuscaloosa. A graduate of Baylor University in Waco, Texas, she was recognized during Baylor homecoming ceremonies this fall by receiving the Alumni of Distinction Award.

Kim Inman Named Outstanding Technical Faculty Member For Alabama's Two Year Colleges

When Shelton State instructor Kim Inman was named the 1990-91 Outstanding Technical Instructor for Alabama's two year colleges, no one was more surprised than the college's vivacious, young teacher.

"I was totally surprised," Inman said. "I like what I do and I put in a lot of extra time. However, I enjoy my job so it's really not like work."

Inman currently serves as division chair for health related occupations at the college, which includes the departments of licensed practical nursing, nursing assistant, emergency medical technician, and cosmetology.

As part of the LPN nursing faculty, her responsibilities include both classroom and clinical work. According to Inman, the nursing instructors each have their own specialty and hers is pharmacology and vocation relations, which includes teaching communication strategies and test-taking skills as well as the history of nursing. She also helps the students understand the mental mechanism of working with patients.

Pharmacology is one of the more difficult courses of the LPN curriculum, and Inman works many extra hours helping students with this particular course.

In 1990 she was instrumental in establishing the college's nursing assistant program. "We've just completed our first year of this program, and our graduates are working with the VA nursing home and the Alice M. Kidd Intermediate Care Facility at Bryce Hospital," Inman said.

Her activities within the community also reflect her commitment to health issues. She coordinates two Red Cross blood drives each year for the college in addition to the college's Great American Smoke Out each year for the American Cancer Society.

A member of the college's faculty since 1979, Inman's honor came as part of the Chancellor Awards that were announced in November at the Alabama College Association Conference in Birmingham. Her selection, which was based on statewide competition, was the first time a Shelton State employee had received one of the honors. The awards included the selection of the outstanding students, alumni, administrator, support staff person as well as academic and technical faculty in the two year college system.

Inman received her Bachelor of Science in Nursing degree from the University of Alabama in Huntsville. She holds a postgraduate certificate in gerontology from the University of Alabama as well as a MA degree with a double major in education and nursing.

In the future, Inman says she expects more specialized long term care in nursing. "Our population is aging, and because of insurance, we are seeing more acute care," Inman said. "However, we are trying to meet the needs of the medical community in Tuscaloosa. Our LPN program is highly selective. We usually have 350 people to apply each time, and we normally take about 50 into the program with each class. We graduate around 200 licensed practical nurses each year."

"The average life of a nurse is short, only three years, because nurses suffer burnout in their jobs. However, at Shelton I never tire of my job. About the time one group of students graduates and leaves, another class comes in and we start over again. I may work in the nursing homes one quarter and then in the hospital medical and surgical units the next. We're always in different places. It's great!"
